

THE MUNICIPALITY OF ARRAN-ELDERSLIE

Quality Management Policy

The Municipality of Arran-Elderslie owns, maintains and operates two water systems. The Arran-Elderslie Water Treatment Plant and Distribution System serving Chesley and Paisley is one system. The Tara Water Distribution and Supply is the other system. The Municipality of Arran-Elderslie is committed on both systems to:

1. Providing a consistent and safe supply of drinking water to the consumer.
2. Maintain and continually improve the Quality Management System.
3. Comply with applicable legislation and regulations.

It is in the best interest and betterment of The Municipality of Arran-Elderslie for all parties to protect, conserve and take pride in our safe drinking water. Commitment to this valuable resource must come from Top Management and the Owner.
