

Public Notice

Day Camp and Pool Closures

On Monday June 8, Municipal Council made the difficult decision to cancel all day camp and pool programs for 2020 due to the COVID-19 situation. Although the Province has announced that water recreational facilities can open under Stage 2 of the Reopening Framework, and certain summer day camps can operate in July and August, the requirements for health and safety significantly impact the Municipality's ability to safely offer our summer programming.

The following programs and facilities will not be available:

Chesley Day Camp

Chesley Pool

Tara Day Camp

Tara Rotary Pool

This decision was made to protect the health and safety of participants and staff. The Municipality thanks you for your patience and understanding.
