

For Immediate Release

The Municipality of Arran-Elderslie and Bruce County Collaborate to Launch Spruce the Bruce Program

Arran-Elderslie, Ontario: The Municipality of Arran-Elderslie is excited to partner with Bruce County to launch the [Spruce the Bruce](https://sprucethebruce.com) program on February 2, 2026. Spruce the Bruce provides grant funding to help strengthen communities as well as maintain and enhance downtown businesses. Eligible businesses and property owners may learn more and apply at sprucethebruce.com.

Mayor Steve Hammell shares, “Each business in our downtowns has a role to play in strengthening our communities, and we encourage owners to seek support through Spruce the Bruce to help bring their improvement ideas to life.”

Bruce County offers funding up to 50% of eligible costs (excluding taxes, and subject to a maximum per grant). Past recipients of [Spruce the Bruce](https://sprucethebruce.com) funding may be eligible for additional support for new project elements. The program is in high-demand each year, and there’s strong recommendation to submit applications early, since funding approvals are on a first-come-first-served basis for complete applications.

“Bruce County Economic Development is excited to partner with Arran-Elderslie to be able to support businesses and organizations to help revitalize properties and build vibrant communities through Spruce the Bruce,” says Bruce County Economic Development Manager, Heather Hyde. “These resources support the growth of our communities and public experiences in Bruce County.”

Grants for eligible businesses and property owners:

- [Agri-Food Innovation](#)
- [Awning](#)
- [Business Accessibility Adaptability](#)
- [Community Marketing](#)
- [Façade Building Improvement](#)
- [Fascia Signage](#)
- [Patio Installation](#)

- [Perpendicular Signage](#)
- [Product and Experience Development](#)
