1. Introduction

1.1. Background

The Municipality of Arran-Elderslie is home to 6,913 residents (Statistics Canada, 2021) who enjoy the natural landscape and rural life. Arran-Elderslie is one of eight municipalities in Bruce County and contains three main settlement areas, Chesley, Paisley, and Tara. Major industries within Arran-Elderslie include agriculture, retail, tourism, and construction.

Arran-Elderslie's Official Plan states that the goal of the Community Improvement Plan (CIP) is "to provide a positive economic climate to attract industry, encourage private investment, create a wide range of employment opportunities, and enhance a balanced municipal assessment base."

In 2014, the Municipality of Arran-Elderslie approved a CIP (by-laws 37-2014 and 38-2014) that encompassed the downtown cores in the communities of Chesley, Paisley, and Tara/Invermay. This document will replace that previously developed CIP. This CIP enables additional opportunities that encourage the revitalization of existing buildings and redevelopment of properties within the Municipality through a variety of financial incentives.

In 2022, Bruce County expanded their Spruce the Bruce community development incentive program. To gain full access to these grants the Municipality of Arran-Elderslie redeveloped this policy to align with existing Municipal goals and County priorities.

1.2. Purpose

The purpose of the CIP is to adopt a program of financial incentives that encourage the redevelopment and improvement of private lands throughout the Municipality of Arran-Elderslie. These redevelopments and improvements aim to enhance the character of the Municipality and its traditional commercial areas.

The purpose of financial incentives is to assist businesses and property owners in the redevelopment and improvement of their properties. In turn, projects supported under the CIP will contribute towards Municipal goals defined in this policy and others.

The CIP applies to both settlement and rural areas of the Municipality. Specific financial incentives are developed to target the different needs of each of these areas. This CIP allows businesses and property owners in Arran-Elderslie to participate in Bruce County's Spruce the Bruce Program.

The Municipality can provide financial incentives within the defined Community Improvement Project Areas (CIPAs). It enables both the Municipality and Bruce County to participate in or implement future financial incentives to attract industry, encourage investment, create employment opportunities, and enhance a balanced municipal assessment base.

1.3. Methodology

Defining the goals of the community created the strong foundation for this CIP policy. The policy was created following a review of existing guidelines, planning documents, current incentive programs, and an in-depth community consultation process. This consultation process involved business owners, members of the public, Council members, and Arran-Elderslie staff. The consultation process identified and defined key areas to ensure the policy supports future growth across the entire Municipality.

1.3.1. Guiding Documents

Local plans, reports, and studies were reviewed when building the foundation of this modernized CIP. Key guiding documents are summarized below.

1.3.1.1. The Municipality of Arran-Elderslie Corporate Strategic Plan (2022)

The Municipality of Arran-Elderslie's mission is based on offering valued services, community assets, and an exceptional place for residents, businesses, and visitors. The main priorities are based on the following:

- a. Protecting infrastructure, recreation, and natural assets.
- b. Supporting businesses and the local economy.
- c. Facilitating community growth.
- d. Leading financial management.
- e. Engaging people and partnerships.
- f. Modernizing services.

1.3.1.2. The Municipality of Arran-Elderslie Economic Development Strategic Plan (2020)

The objective of the Municipality of Arran-Elderslie's Economic Development Strategic Plan is to attract, retain, and expand the municipal population, businesses, and services. The focus is on building local economic development capacity, collaboration, and supporting the needs of the Municipality. The goals include, building capacity, growing the population, attracting, and expanding businesses, effectively using resources, and creating vibrant downtowns.

1.3.1.3. Bruce County's Spruce the Bruce Program (2022)

Bruce County's Spruce the Bruce program offers financial incentives to eligible applications within a community's CIP. These grants are enabled through municipal policies and offer improvements to designated downtown areas. The grants make designated downtown areas more attractive, distinctive, and pedestrian friendly. In 2022, the program was enhanced to target additional industries and regional needs. Grant offerings extend past the downtown

cores but are still within a designated CIPAs. The additional grants support the revitalization of agriculture and tourism sectors and support redevelopment relating to business accessibility and nurturing mixed-use development.

2. Legislation

2.1. Municipal Act (2001)

Municipal activities are governed by The Municipal Act (2001), which is the principal statute that governs the administration of municipalities and sets out municipal powers. While the act provides opportunity to provide tax reductions related to heritage, municipal, or education purposed properties, it generally prohibits municipalities from providing incentives or bonuses to commercial enterprises. However, exceptions are provided where a municipality participates in a Community Improvement Plan (CIP), as part of Section 28 of the Planning Act, R.S.O. 1990.

2.2. Ontario Planning Act (1990)

Section 28 of Ontario's Planning Act allows municipalities to prepare CIPs to establish a framework for supporting and implementing programs to encourage development and redevelopment, in accordance with official plan policies. Whether the reasons are physical, social, economic, or environmental, a community improvement approach is a flexible, comprehensive, co-ordinated, and strategic framework for dealing with lands and buildings. For the purposes of carrying out a CIP, a municipality may engage in the following activities within the Community Improvement Project Area (CIPA):

- a. Acquire, hold, clear, grade or otherwise prepare land for community improvement (Section 28(3)).
- b. Construct, repair, rehabilitate or improve buildings on land acquired or held by it in the CIP project area in conformity with the CIP (Section 28(6)).
- c. Sell, lease, or otherwise dispose of any land and buildings acquired or held by it in the CIPA in conformity with the CIP (Section 28(6)).
- d. Make grants or loans to registered owners, assessed owners and tenants of lands and buildings within the CIPA, and to any person to whom such an owner or tenant has assigned the right to receive a grant or loan, to pay for the whole, or any part of the cost of rehabilitating such lands and buildings in conformity with the CIP (Section 28(7)).
- e. Eligible costs can be related to environmental site assessment, environmental remediation, development, redevelopment, construction and reconstruction of lands and buildings for rehabilitation purposes, or for the provisions of energy efficient uses, buildings structures, works, improvements, or facilities (Section 28(7.1)).

- f. The council of an upper-tier municipality may make grants or loans to the council of a lower-tier municipality and the council of a lower-tier municipality may make grants or loans to the council of the upper-tier municipality, for the purpose of carrying out a CIP that has come into effect, on such terms as to security and otherwise as the council considers appropriate, but only if the official plan of the municipality making the grant or loan contains provisions relating to the making of such grants or loans (Section 28(7.2)).

2.3. Provincial Policy Statement (2020)

CIPs help to achieve the Provincial Policy Statement (PPS) objectives of healthy communities, a clean and safe environment, and a strong economy. Community improvement is supported through PPS policies for:

- a. Building strong healthy communities.
- b. Promoting efficient development and a mix of land uses.
- c. Ensuring that necessary infrastructure and public service facilities are available.
- d. Improving accessibility.
- e. Conserving heritage resources.
- f. Supporting green design.
- g. Encouraging residential intensification.

2.4. Official Plan for the Urban Areas of Chesley, Paisley, Tara/Invermay (2004)

Section 4.5 of The Municipality's Urban Area Official Plan allows for the preparation and implementation of community improvement and other mechanisms governed by Section 28 of the Planning Act (1990). The official plan allows for any area with the municipality to be subject to a CIPA. Criteria for selecting CIPAs is divided into two categories Residential and Commercial/Industrial Area and has set criteria to develop in each of those proposed areas. The CIP establishes programs to implement the goals and objectives of official plan community improvement policies.

2.5. County of Bruce Official Plan (2010)

The Bruce County Official Plan provides guidance on local CIPAs and programs. It encourages local municipalities to adopt CIPs in accordance with the County and local official plans. Furthermore, Bruce County's Official Plan has identified all areas of the community as having the potential to be identified as a CIPA by respective municipalities or by the County.

3. Goals and Objectives

Section 4.3.1 of The Official Plan for the Urban Areas of Chesley, Paisley, Tara/Invermay outlines various goals and objectives for Community Improvement Project Areas (CIPAs).

This Community Improvement Plan (CIP) has the following goals:

- a. To assist the community in improving the overall appearance of residential, commercial, and industrial structures.
- b. To urge and assist owners of commercial, industrial, and residential properties to rehabilitate premises where necessary to eliminate deterioration and improve community pride in ownership or occupancy.
- c. To promote the development, redevelopment, or conversion of underutilized properties.
- d. To strengthen the economic viability of businesses within the CIPAs .
- e. To encourage building retrofits which meet or exceed government legislation including but not limited to the Ontario Building Code, Fire Code, Property Standards, and the Accessibility for Ontarians with Disabilities Act.
- f. To encourage a sustainable and innovative business community.
- g. To promote interest in Bruce County's Spruce the Bruce program.

Financial incentives outlined in this plan may be offered to tenants or property owners to assist in meeting these goals. Incentives available may change from year to year.

4. Project Areas

Section 28(1) of the Planning Act (1990) allows a Municipality to define a Community Improvement Project Area (CIPA). The Planning Act defines a CIPA as "a municipality or an area within a municipality, the community improvement of which in the opinion of the Council is desirable because of age, dilapidation, overcrowding, faulty arrangement, unsuitability of buildings or for any other environmental, social or community economic development reason."

The Municipality of Arran-Elderslie's Official Plan provides a list of criteria for selecting CIPAs. Previous project areas covered the downtown cores of Chesley, Paisley, and Tara/Invermay. This Community Improvement Plan (CIP) now includes an expansion of these previous downtown CIPAs to encompass the entire Municipal boundaries of Arran-Elderslie. Chesley, Paisley, Tara, and Allenford are defined priority project areas and will have specific incentives focussed on downtown development, as outlined in this policy.

The Municipality shall designate the expanded CIP project area by by-law. The programs authorized in this CIP may be carried out within the CIPA as identified in Schedule A:

6. Program Implementation

6.1. Administration

The Municipality of Arran-Elderslie Community Improvement Plan (CIP) policy is administered by the Municipality, with exception to the Spruce the Bruce Programs which are administered by Bruce County. These programs are led by the Municipality's economic development staff with support from other departments for administration, review of applications, and funding disbursements.

6.2. General Budget

Council determines the amount of available Municipal funding to be made for these financial incentives under this CIP on an annual basis. The total of all grants and loans provided in this CIP shall not exceed the eligible costs to remediate, rehabilitate, revitalize, and redevelop the lands and/or buildings. Any improvements made prior to the adoption of the CIP are not eligible for financial incentives under the CIP.

Based on any number of factors, Council or its designated authority may choose to operationalize the following if it fits within the criteria of the program:

- Cease, reduce, or increase funding to one or more of the financial incentive programs.
- Create a maximum/cap of the percentage allocated for an individual incentive.
- Designate a maximum dollar amount allocated to a specific incentive.
- Assign a maximum amount to be used as a pool of funds.
- Limit funds to specific incentive programs to support Municipal goals.

Any adjustments to program funding or the amount of the annual budget will not require an amendment to this Plan.

6.3. Application Review and Approvals

Prior to application of the Municipal-led incentive programs, it is encouraged that any applicant has a pre-consultation with Municipal staff to determine if their property and projects are eligible, required documents are provided, and if there are other financial incentives that may be of value.

Review and approval of applications is delegated to the Chief Administrative Officer, Treasurer, and the Economic Development Staff, or delegates. In the case of the Tax Increment Equivalent Grant or in a situation where a loan is considered, delegated staff will make a recommendation for approval by Council. Timelines associated with applications will be developed using a subsequent process and be subject to change based on budget and availability. A summary of approved financial incentives will be provided to Council based on budget set for that year.

Applications for loans need to be submitted by October 1 of the year prior to the project to allow requested budget to be approved by Council. Loans are reviewed by designated authority and provided to Council for final approval related to funding amounts.

Upon approval of a grant or loan, the applicant will be required to enter into an agreement with the Municipality.

6.4. Phasing

Based on the Municipal goals, planned projects, or other recently completed work for the community, the Municipality may choose to phase areas of the CIP as in Section 4.3.3 of the official plan.

If there are planned studies or projects upcoming based on public infrastructure, that may impact the result of a proposed eligible project, the applicant may choose to defer their incentive to omit duplication of work.

7. Amending Policies

7.1. Timeframe

The Community Improvement Plan (CIP) shall remain in effect until Council amends or repeals the by-law.

7.2. Amendments

Amendments to the CIP would not normally be required if a Municipality is discontinuing or cancelling a program; or if funding to a program is decreased. Decisions respecting funding

allocations to CIP programs are typically part of the annual Council budget process. However, amendments to the CIP may be required for a change or expansion in the geographic area to which financial or land programs outlined in a CIP apply; or a change in the eligibility criteria (i.e. the addition of new Municipal assistance programs involving grants, loans, tax assistance or land; or, an increase to a financial incentive to be offered within a Municipal CIP program).

7.3. Participation

To carry out the community improvement goals and actions of this plan, the Municipality may participate and coordinate in grants or loans with other levels of government pursuant to Section 28(7.2) of the Planning Act (1990) for the purpose of carrying out a CIP community Improvement Plan.

8. Monitoring

Program monitoring shall occur on an annual basis to determine the following:

- a. Established targets from program uptake are being met.
- b. Desired outcomes for the downtown are being achieved.
- c. Program participants are completing their commitments.
- d. Overall benefits of the program.
